

The Drive For 5 People's Protections Campaign

Join The Community Engagement Campaign For:

- A permanent, full-scale water affordability plan
- A ban on the use of facial recognition technology in Detroit
- Comprehensive police reform
- Reimbursement of Detroit homeowners for \$600 million over-taxation
- The reduction of racial health disparities

Action Strategy:

Learn all five people's protections issues and keep a copy of them nearby. Join us every Monday at 1:00 PM in calling the offices of all ten Detroit City Officials listed below to tell them that you support the Drive for 5 People's Protections Campaign, that you would like that particular official to implement the campaign's five protection recommendations, and that you will only vote for candidates who take action to promote and implement all five. If possible, fax and email them too. Help this growing campaign create a phone, email, and fax jamming effect that city officials can no longer ignore. If you can't do 1 PM on any Monday, do it at any time that you can on that Monday.

*For background information, related action strategies, and updates go to ***thedrivefor5.com*** or call: ***(313) 247-3301***.*
